129 BURNETT RD, VICTORIA, B.C. CANADA V9B 1H1

Seasonal Rate Schedule:

Our discounted winter rate commences on October 1, 2026 and ends the following year on June 1, 2027. When paying a month in advance we discount the Park's basic daily fee of \$85.00 for a total occupancy fee of \$1180.00 + tax. The service includes an allowance up to \$100.00 of electricity per month (15, 30 & 50 amp service), water and sewer hook-up, cable TV, and internet.

High season months of June, July, August and September 2027 will be at daily rate.

These discounted occupancy fees are for a maximum of 2 persons (of any age), 2 pets (some restrictions apply), 1 fully self contained CSA approved RV which must be less than 15 years old and 1 vehicle (2nd licensed vehicle is \$25.00 per month). Any additional vehicle is \$110.00 per month.

Long-Term Rate Schedule:

Our long-term sites are limited and availability is facilitated by a waiting list only. Your name can only be added to our waiting list after you have arrived at the park and are in residence. Of course the earlier you arrive in the winter season the better your chance of securing a long-term site by June 1st when our discounted monthly rate schedule ends and we return to the daily rate schedule. The discounted rate for these long-term sites is \$865.00 plus GST, and will increase by \$100 plus GST for June, July, August and September.

In our long-term sites the occupant may be allowed to transfer responsibility for the electricity they consume over to themselves. With prior approval from the Park Office, the occupant would make an application to BC Hydro and upon acceptance, have their Occupancy fees reduced by \$100.00 a month.

Services:

Other services available in the Park, for an additional charge are laundromat facilities and postal service.

Activities: You may be interested to know about our Clubhouse. Some examples of the activities available are shuffleboard and darts, a snooker/pool table, a lending library, wood work shop, as well as other opportunities for social interaction such as card games, crafts and pot luck dinners.

Reservations:

When making a reservation we will need to know the year, length and type of RV unit you are traveling with i.e. trailer, motorhome, or 5th wheel. To secure a monthly reservation, the first month's rent is required for a 60-day refundable deposit.

All rates are subject to change and subject to availability.
